DETAILED ACTION

Response to Arguments

1. Applicant's arguments with respect to the claims have been considered but are moot in view of the new ground(s) of rejection.

Claim Rejections - 35 USC § 102

2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
3. Claims 1-9, 12, and 13 are rejected under 35 U.S.C. 102(b) as being anticipated by Arnold (US # 6,457,295). See column 3, line 66 to col. 5, line 6.

Claim Rejections - 35 USC § 103

4. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
5. Claims 10 and 11 are rejected under 35 U.S.C. 103(a) as being unpatentable over Arnold (US # 6,457,295) in view of Campbell et al (US # 6,313,414). Arnold discloses the claimed invention except for compensating for acceleration and inclination of a moving vehicle. However, Campbell et al teach that it is known to compensate for both to insure an accurate weight reading, and would have been on obvious modification to Arnold for the same reason.

Conclusion

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
